

# HTML Host

## Guide to getting started

HTML Host is a great way to publish your HTML file online.

HTML Hosting is nothing new to most people.

To host your HTML file, send an email to [lyaad.m@outlook.com](mailto:lyaad.m@outlook.com)

Here's the email format

From : Your Email

To: [lyaad.m@outlook.com](mailto:lyaad.m@outlook.com)

## Email Content

HTML: [Your HTML Code]

SUBJ: /yourslash (Example: /iyaad or /mishellbeach)

[Attach the image of your order]
